# 2011 Visual Art Collection – ‘Out There’

**This collection is all oil paintings, not large in size of canvases, but visually very strong. The attempt to capture a waking nightmare, is more obvious in this collection of work than any other collection.**

**Initially NO was accepted into fine art, Illustration, at NMIT (Fairfield), in 2010. This meant more than 2 hours travel every day on public transport. She started not getting enough sleep, and ended up with tactile hallucinations, delusions and horrifying debilitating migraines.**
